

Why I recommend managed hosting for your WordPress site(s)

The price you pay for managed hosting is 100% worth it compared to bottom-of-the-barrel shared hosting solutions! Here are five reasons why managed hosting with us is the way to go:

- 1 EVERYTHING IS TAKEN CARE OF FOR YOU**
Upgrades, security, migrations, you name it – we'll handle it. In the long run, this absolutely winds up saving you time, money, IT resources, and so much more.
- 2 YOUR SITE GETS ITS OWN DEDICATED RESOURCES**
Flywheel puts your site on a dedicated VPS, whereas shared hosting is just that: a shared server, tied to a bunch of other sites that could be dealing with malware, performance issues, and more.
- 3 MANAGED HOSTING IS REALLY FAST**
Flywheel tunes their servers WordPress performance and configure all the caching, so you don't have to set up caching plugins or worry about your site speed.
- 4 TOP-NOTCH SECURITY**
Flywheel tunes their servers WordPress performance and configure all the caching, so you don't have to set up caching plugins or worry about your site speed.
